

**REMARKS**

The specification has been amended simply to correct a typographical error, wherein one skilled in the art would have recognized the existence of the error and the appropriate correction, particularly in view of the context in which the term at issue is used. In this regard, Applicants note that "benzil" is also referred to as diphenylethanedione, bibenzoyl or dibenzoyl, as can be seen from the attached copy of an excerpt from the Dictionary of Organic Chemical Compounds.

Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,

SUGHRUE MION, PLLC
